

OFFICE MEMORANDUM

Date: October 28, 2004

TO: Associate Region Engineers
Delivery Engineers
TSC Managers

FROM: Brenda O'Brien
Engineer of Construction & Technology

SUBJECT: Resident/Project Engineer and Local Government Engineers Certification

Attached is the revised Record Certification List for Resident/Project Engineers and Local Government Engineers dated October 28, 2004.

Several resident/project engineers and local government engineers have lost or will lose their certification privileges during the next six months. Non-certified engineers will not be permitted to submit final estimates without having project reviews conducted on those projects.

Please contact Ali Wellington (wellingtona or 517/322-5317), Construction & Technology Support Area, as soon as possible to schedule certification reviews for those engineers who are not presently certified.

Please note, there are several engineers listed as certified who have either left MDOT or have taken new positions. These engineers remain listed so that the final estimates for the projects which they had substantial control of can be processed without a review. Once all of these projects have been closed, please notify Ali Wellington, so that their names can be removed from the list.
